

FREEDOM | SAFETY | COMPASSION

Hold My Guns®

**VOLUNTARY
FIREARMS STORAGE**

**FOR GUN OWNERS
BY GUN OWNERS**

To be human is to go through ups and downs in life. We believe that times of hardship should be met with an outpouring of compassion and camaraderie – not fear-mongering and abrogation of constitutionally-protected rights.

Hold My Guns®' mission is to help save lives, protect property, and preserve rights. We connect responsible firearm owners with voluntary storage and education, through our partnering FFLs, during times of crisis or personal need.

OUR MISSION

Hold My Guns®
PO BOX 1443
HAVERTOWN, PA 19083

Our Story

Hold My Guns (HMG) was co-founded by Sarah Joy Albrecht, Range Safety Officer (RSO) and youth rifle league coach, and Genevieve Jones, firearms instructor and brand manager for The Gun Collective. After the suicide of a family friend, Albrecht realized that many gun owners did not have options for off-site storage during times of crisis or personal need. Together, she and Jones formed HMG, a 501(c)(3) nonprofit that partners with Federal Firearms Licensees (FFLs) to help reduce suicide, negligent injuries, and theft, through voluntary firearms storage and education. This non-legislative solution underscores self-governance and personal responsibility.

How Does It Work?

Through HoldMyGuns.org, individuals locate their nearest HMG Storage Partner and make an appointment to bring in their firearm. The firearm

owner will fill out a waiver of liability and confidential voluntary storage agreement. The reason for storage will not be asked or recorded. When the owner wants to retrieve their firearm, the storage partner will confirm the owner's identity, run a background check to verify lawful eligibility to possess a firearm, as well as complete any requisite state and local processes for the transfer of firearms. The firearm is then returned to its owner.

Community, Education, and Rights

HMG Storage Partners are recognized as trusted resources that care about safety, personal defense, and wellness in their communities. Partnering FFLs have the opportunity to offer educational events that strengthen protective factors in the firearms community and increase customer satisfaction while preserving rights.

“We are extremely proud to offer firearms storage to our community via the Hold My Guns® program. We saw the opportunity to provide safe, offsite firearms storage without individuals being deprived of their Second Amendment or due process rights.”
